FOR IMMEDIATE RELEASE

Closures for I-5/SR-14 Direct HOV Connector Project

To avoid inconveniencing motorists, construction activities will be suspended over the President's Day holiday period, which runs from Friday, February 15, at 6 a.m. through Monday, February 18, at midnight.

Santa Clarita — The California Department of Transportation (Caltrans) will close the lanes and connector listed below as part of a \$161 million improvement project to construct High Occupancy Vehicle (HOV or carpool) lanes and a direct HOV lane connector at the I-5/SR-14 interchange. Closures are subject to change. Detours will be signed.

For the safety of the construction crew and motorists, please be attentive to closures, slow for the cone zone, and move over one lane where possible.

Lane closure information for this and other freeway projects is available on the Caltrans website: <http://www.lcswebreports.dot.ca.gov/lcswebreports/>

Golden State Freeway (I-5)

Tuesday, February 19, through Friday, February 22

- One lane of the southbound I-5 truck route collector road
TIME: 10 a.m. to 3 p.m.

Antelope Valley Freeway (SR-14)

Tuesday, February 19, through Friday, February 22

- Southbound SR-14 connector to northbound I-5
TIME: 9 p.m. to 5 a.m.

About the Project

This project involves the construction of an elevated two-lane direct HOV connector at the I-5/SR-14 interchange and construction of HOV lanes in both directions at the interchange.

- more -

SLOW FOR THE
CONE ZONE
CALTRANS

The direct HOV connector enables freeway-to-freeway transfers without exiting the carpool lane.

The project will relieve congestion, improve traffic flow, enhance safety and improve traffic operations on both freeways at the interchange. The work is part of Caltrans' effort to provide motorists with a seamless carpool lane network in California.

Work began in July 2008 and is on track to be completed in spring 2013. The direct HOV connector opened to traffic in December 2012. Caltrans thanks the motoring public for their patience and understanding during construction.
